Smallpox in Naples.—During the week ended April 24, 10 cases of smallpox with 4 deaths were reported at the health office of the city of Naples.

JAPAN.

YOKOHAMA—Inspection of vessels.

Surgeon Irwin reports, April 18:

Week ended April 16. Bills of health issued to the following-named vessels: Steamships *Coblens* for Manila, *Awa Maru* for Seattle, *Asia* for San Francisco, and *Errol* for New York. These vessels carried an aggregate of 381 in crews, and 134 cabin and 257 steerage passengers.

KOBE—Inspection of vessels—Plague.

Acting Assistant Surgeon Moore reports, April 13:

Week ended April 9. Supplemental bills of health granted to 4 steamships. Members of crews inspected, 310; steerage passengers inspected, 89; steerage passengers bathed, 44 (effects disinfected); pieces of baggage steamed, 127, and of bedding, 88; manifests viséed for 14,696 pieces of freight amounting to 2,064 tons; cases of human hair disinfected, 30, and of household goods, 4. Emigrants inspected and passed as follows: Per steamship *Tacoma Maru* for Tacoma, 14; per steamship *Awa Maru* for Seattle, 19. The emigrants passed, together with 11 intending passengers to Victoria by the *Awa Maru*, were held 7 days in detention at Ono quarantine station before embarkation.

The weekly reports of the municipal health officer show 1 case of plague at Kobe with 1 death. At Osaka 1 case of plague with 1 death was reported April 5.

MEXICO.

Report from the Superior Board of Health of Mexico.

In compliance with articles 1 and 2 of the International Sanitary Convention held at Washington October 9–14, 1905, the president of the Superior Board of Health of Mexico reports, May 9, that no case of yellow fever and no death from the said disease were registered in the Mexican Republic during the week ended May 7, and that the prophylactic measures reported under date of September 28, 1908, continue to be carried out.
